

- **Serving the citizens of Outagamie County as a prosecutor for nearly 17 years**, Mindy was appointed District Attorney in 2017.
- **Successful prosecution of numerous serious felony cases** including multiple homicides, sexual assaults, drug and felony OWI cases
- **Critical member of more than 15 county and statewide, multi-disciplinary teams** focused on advancing public safety.

It's hard to believe that it's been over two years since I was appointed as the District Attorney of Outagamie County! Since my appointment a lot has happened in our county and at the District Attorney's Office. In addition to bringing many high-profile cases to justice, I am proud to have led several initiatives focused on addressing our community's biggest issues. Working closely with law enforcement and criminal justice partners, I have been able to impact change such as:

- *Protecting our children through improved prosecution of child maltreatment cases and improving permanency for children in the child welfare system*
- *Protecting our seniors by leading systematic change to identify, investigate and prosecute crimes against older adults*
- *Enhancing community safety by obtaining grant funds to create innovative programming for those who struggle with mental illness*
- *Addressing the drug epidemic by obtaining grant funds to create the Overdose Fatality Review Team to protect our community and improve services for those who struggle with addiction*

In order to keep protecting and serving our community, I need your help! I need to collect 1,000 nomination signatures to officially be a candidate on the ballot for the November 2020 election. This task, which is never easy for any candidate, will be made even more challenging under the current social distancing orders in effect amidst the COVID19 crisis. **Can you help?**

I am hoping you and any voting members in your household will be able to sign the enclosed nomination forms. If you have safe contact with other voters in your neighborhood or place of employment (not a government one) and are able to get additional signatures that would also help us achieve the 1,000 signature goal. Once you have signed the bottom circulator line, please mail them back or you can call and I will happily pick them up.
